Contents

VOLUME 30, NUMBER 1, JANUARY 1991

N. J. Antia, P. J. Harrison and L. Oliveira. The role of dissolved organic nitrogen in phytoplankton nutrition, cell biology and ecology (Phycological Reviews 11) 1–89

A. J. J. Rees and G. M. Hallegraeff. Ultrastructure of the toxic, chain-forming dinoflagellate *Gymnodinium catenatum* (Dinophyceae) 90–105

I. R. Price and G. T. Kraft. Reproductive development and classification of the red algal genus *Ceratodictyon* (Rhodymeniales, Rhodophyta) 106–116

Published 30 January 1991

VOLUME 30, NUMBER 2, MARCH 1991

J. M. Huisman. *Diplothamnion gordoniae* sp. nov. (Ceramiaceae, Rhodophyta) from Rottnest Island, Western Australia 117–123

M. Kwiatkowska. Light effects on DNA and protein synthesis in generative and non-generative cells of the antheridium of *Chara vulgaris* (Charophyta) 124–134

Wm J. Woelkerling. The status and disposition of *Perispermon* (Corallinaceae, Rhodophyta) 135–144

G. Laliberté and J. A. Hellebust. The phylogenetic significance of the distribution of arginine deiminase and arginase in the Chlorophyta 145–150

R. T. Wilce and J. R. Sears. *Schmitzia sanctae-crucis* sp. nov. (Calosiphoniaceae, Rhodophyta) and a novel nutritive development to aid in zygote nucleus amplification 151–169

D. R. A. Hill. A revised circumscription of *Cryptomonas* (Cryptophyceae) based on examination of Australian strains. 170–188

S. T. Broadwater, J. L. Scott and J. A. West. Spermatial appendages of *Spyridia filamentosa* (Ceramiaceae, Rhodophyta) 189–195

H. N. Trick and C. M. Pueschel. Cytochemical evidence for homology of the outer cap layer of red algal pit plugs 196–204

J. A. Phillips and M. N. Clayton. Biflagellate spermatozoids in the Dictyotales: the structure of gametes and gametangia in *Zonaria angustata* (Dictyotales, Phaeophyta) 205–214

C. J. Bolch, S. I. Blackburn, J. A. Cannon and G. M. Hallegraeff. The resting cyst of the red-tide dinoflagellate *Alexandrium minutum* (Dinophyceae) 215–219

W. A. Booth and J. Beardall. Effects of salinity on inorganic carbon utilization and carbonic anhydrase activity in the halotolerant alga *Dunaliella salina* (Chlorophyta) 220–225

M. Rahat and V. Reich. Zoospore formation by *Symbiococcum hydrae* (Chlorosarcinales, Chlorophyta), an alga endosymbiotic in *Hydra magnipapillata* (Coelenterata) (Research Note) 226–230

Book reviews 231–235

Published 22 March 1991

VOLUME 30, NUMBER 3, MAY 1991

M. T. Casanova. An SEM study of developmental variation in oospore wall ornamentation of three *Nitella* species (Charophyta) in Australia . . 237–242

D. I. May and M. N. Clayton. Oogenesis, the formation of oogonial stalks and fertilization in *Sargassum vestitum* (Fucales, Phaeophyta) from southern Australia 243–256

Y. Y. R. Yong and Y.-K. Lee. Do carotenoids play a photoprotective role in the cytoplasm of *Haematococcus lacustris* (Chlorophyta)? 257–261

M. J. Wynne and R. E. Norris. *Branchioglossum pygmaeum* sp. nov. and new records of other delesseriaceous algae (Rhodophyta) from Natal, South Africa 262–271

G. W. Saunders and J. L. McLachlan. Morphology and reproduction of *Meiodiscus spetsbergensis* (Kjellman) gen. et comb. nov., a new genus of Rhodophysemataceae (Rhodophyta) 272–286

N. S. Dawson and P. L. Walne. Structural characterization of *Eutreptia pertyi* (Euglenophyta). I. General description 287–302

C. Raghukumar, S. Sharma and V. Lande. Distribution and biomass estimation of shell-boring algae in the intertidal at Goa, India 303–309

L. Fries. Formation of filaments and single cells by the activity of the meristoderm of axenic *Ascophyllum nodosum* (Fucaceae, Phaeophyta) (Research Note) 310–313

Announcements 314

Published 7 May 1991

VOLUME 30, NUMBER 4, JULY 1991

J. N. Norris and J. L. Olsen. Deep-water green algae from the Bahamas, including *Cladophora vandenhoekii* sp. nov. (Cladophorales) 315–328

D. S. Rennis. Differences in antigenic reactivity of six types of phycoerythrin to monoclonal anti-R-phycoerythrin 329–338

T. Berman, S. Chava, B. Kaplan and D. Wynne. Dissolved organic substrates as phosphorus and nitrogen sources for axenic batch cultures of freshwater green algae 339–345

P. Albertano, A. Pollio and R. Taddei. *Viridiella fridericiana* (Chlorococcales, Chlorophyta), a new genus and species isolated from extremely acid environments 346–354

W. R. Barclay, J. R. Johansen, K. L. Terry and S. P. Toon. Influence of ionic parameters on the growth and distribution of *Boekelovia hooglandii* (Chromophyta) 355–364

A. F. Peters. Field and culture studies of *Streblonema macrocystis* sp. nov. (Ectocarpales, Phaeophyceae) from Chile, a sexual endophyte of giant kelp 365–377

In Memoriam 378–380

Published 26 July 1991

VOLUME 30, NUMBER 5, SEPTEMBER 1991

H. Nozaki and T. Kuroiwa. Morphology and sexual reproduction of *Gonium multicoccum* (Volvocales, Chlorophyta) from Nepal 381–393

M. J. Wynne and D. L. Ballantine. *Laurencia iridescens* sp. nov. (Rhodomelaceae, Ceramiales) from the Caribbean Sea 394–401

J. A. Soloman, P. L. Walne, N. S. Dawson and R. L. Willey. Structural characterization of *Eutreptia* (Euglenophyta). II. The flagellar root system and putative vestigial cytopharynx 402–414

N. S. Dawson and P. L. Walne. Structural characterization of *Eutreptia* (Euglenophyta). III. Flagellar structure and possible function of the paraxial rods 415–437

D. Penrose. *Spongites fruticulosus* (Corallinaceae, Rhodophyta), the type species of *Spongites*, in southern Australia 438–448

H. Nozaki and T. Kuroiwa. *Pandorina colemaniae* sp. nov. (Volvocaceae, Chlorophyta) from Japan 449–457

D. F. Kapraun, T. K. Hinson and A. J. Lemus. Karyology and cytophotometric estimation of inter- and intraspecific nuclear DNA variation in four species of *Porphyra* (Rhodophyta) 458–466

M.-Th. L'Hardy-Halos and C. A. Maggs. A novel life history in *Aglaothamnion diaphanum* sp. nov. (Ceramiaceae, Rhodophyta) from Brittany and the British Isles 467–479

Book reviews 480–481

Brief notices 482–483

Publications received 483

Announcements 484–486

Published September 26, 1991

VOLUME 30, NUMBER 6, NOVEMBER 1991

C. A. Maggs and J. M. Rico. A karyological demonstration of meiosis in *Gelidium latifolium* (Gelidiaceae, Rhodophyta) from Ireland 487–494

D. Penrose and Wm J. Woelkerling. *Pneophyllum fragile* in southern Australia: implications for generic concepts in the Mastophoroideae (Corallinaceae, Rhodophyta) 495–506

K. M. Wilks and Wm J. Woelkerling. Southern Australian species of *Melobesia* (Corallinaceae, Rhodophyta) 507–533

Ø. Moestrup and D. R. A. Hill. Studies on the genus *Pyramimonas* (Prasinophyceae) from Australian and European waters: *P. propulsa* sp. nov. and *P. mitra* sp. nov. 534–546

P. A. Broady and M. Ingerfeld. *Placoma regulare* sp. nov. (Entophysalidaceae, Cyanobacteria) from New Zealand streams 547–555

J. John. *Parlibellus panduriformis* sp. nov. (Bacillariophyta) from Shark Bay, Western Australia 556–562

M. Kawachi, I. Inouye, O. Maeda and M. Chihara. The haptonema as a food-capturing device: observations on *Chrysochromulina hirta* (Prymnesiophyceae) 563–573

J. Tanaka. A new species of *Spatoglossum* (*S. crassum* sp. nov.; Dictyotales, Phaeophyceae) from Japan 574–581

R. E. Norris. Some unusual marine red algae (Rhodophyta) from South Africa 582–596

E. Costas and V. López Rodas. Evidence for an annual rhythm in cell ageing in *Spirogyra insignis* (Chlorophyceae) (Research Note) 597–599
